Complex Primary to Revision Knees

February 7, 2020

Course Location & Accommodations

Hilton Salt Lake City Center
255 South West Temple
Salt Lake City, UT 84101

Targeted Audience

Both recently qualified HCPs and more senior surgeons with a general interest in complex primary and revision knee replacement, and HCPs with currently limited experience in revision knee surgery looking to build the confidence to expand their practice.

- PGY5 is the minimum level of residency accepted at this meeting.

Learning Objectives

This course will combine scientific lectures, high-level discussions and hands-on practical cadaver workshops focusing on the continuum of care in knee surgery, covering both complex primary and revision total knee replacement. HCP delegates will be exposed to contemporary solutions in complex primary and revision knee systems, appropriate surgical techniques and evidence in order that they leave the course feeling better equipped to face the various clinical challenges presented during their practice. Our expert faculty will cover the latest research, scientific data, and surgical tips and pearls to ensure an optimal learning experience during the course.

- Bioskills Lab will include JOURNEY[®] II BCS, LEGION[®] Revision Knee, LEGION[®] Hinge Knee
