

# Comprehensive Trauma Solutions Course (CTS) September 21-22, 2018

**Save the date | 2018**

## Comprehensive Trauma Solutions September 21-22, 2018

Langham Boston  
250 Franklin Street  
Boston, MA 02110

**Chairman: Paul Tornetta, III, MD**

**Comprehensive Trauma Solutions (CTS) Surgeon Attendee Profile:** Level II, III Trauma Surgeons and Community Based Surgeons who do Trauma/take Trauma Call, especially those who did not do a Trauma Fellowship

**Course Objective:** At the end of this symposium surgeons should: Understand indications and treatment options for trauma cases in the Level II/III/Community setting. Take tips and pearls back to their practice for use in Level II/III/Community trauma procedures. Map a plan for initial treatment and postop plan for Level II/III/Community trauma cases.

Registration on [www.orthomeetings.com](http://www.orthomeetings.com) will be available soon...

The format will be lectures followed by small group discussions and labs to cement the techniques.

For additional course information please contact Bonnie Auld @ 901-399-5202.
